Did you know overprinting envelopes can cost as little as one pence each?

Wessex Envelopes

Wessex Envelopes is an established family business since 1967 situated in the West Country in the heart of Somerset and offers a complete one stop envelope supplier capable of taking your plain, printed and bespoke envelope requirements and processing them quickly and effectively.

Whatever your needs, from a one-off mail shot to a long term mailing campaign, we have the comprehensive capability to fulfil your envelope requirements. At Wessex Envelopes our objective is to supply our clients with what they want when they want it therefore combining the vital elements of quality, service and price.

QUALITY

Our high quality envelopes include a vast range of different envelope sizes, colours and types suitable for nearly every application. All products are listed in family order and the clearly colour coded index makes finding the right product easy. If you require any item not listed, please do not hesitate to give us a call.

SERVICE

Most items in this catalogue are held in stock in Somerset and are available to be despatched overnight to any location in Britain subject to ordering before 3:00PM.

PRICE

From one box to multiple pallet orders, we aim to supply quality envelopes at competitive prices. We have no minimum order value and as little as one

box can be purchased to meet specific requirements.

SAMPLES

We also offer a full sample service which is available next day on any envelope in this catalogue and our friendly team of sales personnel provide technical support to form strong customer relationships.

DELIVERY SERVICE

Next day delivery service is available throughout the United Kingdom on most lines subject to orders being placed by phone followed by an official order (by email or fax) by 3:00PM. There is no minimum order but any total under £150.00 is subject to a carriage charge of £12.00. Orders over this are delivered free. We can also deliver under plain cover direct to your customer using your delivery notes if needed. AM delivery available if

needed on most ranges, please ask for prices.

ENVIRONMENT

Environmental Care is a prime consideration at Wessex Envelopes and as you will see from this catalogue a lot of effort has been put in to developing a full range of 100% recycled and biodegradable envelopes. We have one of the largest ranges of FSC and recycled products and with the development of using corn starch for the window film we have reduced the impact to the environment yet further. The range carries the recycled logo on the inside of the flap which shows your customers the importance you place on environmental issues!

ENVELOPE PRINTING

Overprinting is the most cost effective way to make

your envelopes stand out from the crowd!

It is available on nearly all these envelopes in this catalogue and with turnaround times approximately four working days from the artwork being approved, we can transform your ideas to reality! Printing is available in 1 - 4 colours and from 89 x 124mm to C3 size which is 457 x 324mm. Please contact us for prices including the overprint of medium board, all board and gusset envelopes, all over washes and any other envelopes size smaller than 89 x 124mm or larger than C3. For business reply envelopes (BRE's) a more competitive price can be given in most cases on a Flexo print as opposed to Litho.

Where those in the know go! Overprinting 1-4 colours

Are your mailings having maximum impact?

Large range of plain stock - Over 600 varieties including 100% recycled

Coloured Vibrant Envelopes

Client Testimonials

“We’ve been sending mail shots out for years, but the day we put it in a coloured envelope we got people suddenly ordering that had never responded before. In fact, the first order more than paid for the envelopes.”

Racking installer, Central UK

“It proved they looked at the coloured envelopes. We had over 100 replies stating ‘I’m the correct contact, not him’... in fact it helped us tidy up our database”

Materials handling supplier, Midlands

Recycled Envelopes

For those who have a genuine care for the environment and want to show their customers a high level of social environmental responsibility. With this envelope range every environmental criteria has been catered for, 100% recycled from 100% recovered waste (reduced carbon footprint), 100% biodegradable (corn starch window film used). This span of products ensures a recycled envelope suitable for every eventuality.

Uses

- Charity mailing
- Business stationery
- Mailings
- Council / Government Correspondence
- Brochures / Catalogues

Key Points

- Made from 100% recycled paper from 100% recovered waste (reducing the impact of carbon footprint in collection of waste).
- 100% biodegradable therefore fully recyclable avoiding impact on landfill waste. This includes the window versions as the window film is made from corn starch and biodegrades in 30 days in the right conditions.
- The whitest recycled grade on the market ensures this envelope can hold it's head high in the realms of non recycled qualities
- Attractive blue opaque sporting the recycled logo credentials, clearly show the envelope recipient that you care for our environment.

FSC Mailing Envelopes

FSC certification has become one of the most recognizable environmental credentials of the day with its strong conservation message, it only seems fitting to provide a range of mailing wallets made from FSC sourced paper. These wallets clearly promote the FSC logo and credentials through the window of the envelope. If you've got it, why not shout about it?

Uses

- Charity mailing
- Corporate mailing for multinational companies
- Financial institutions
- Council / Government mailing

Key Points

- Range of mailing wallets in the most popular sizes showing the FSC logo through the window as a message promoting environment awareness.
- Not only environmentally sound but superior to many other mailing wallets with its excellent whiteness.
- Consideration has been taken into account with the outside seams, strong boxes with dividers to maximise mailing efficiency on mailing inserting machines.

Premium Natural Envelopes

A subtle milk white shade that we brand as oyster, this range provides a delicate alternative to the whiteness of the Premium Business and Ultra ranges. However, maintaining the ranges inherent attributes.

Uses

- Cosmetic market promotions
- Legal and professional correspondence
- Corporate Stationery
- Invitations, greeting cards, menus
- Personal Stationery

Key Points

- This quality oyster shade matches other high class envelope brands but priced sensibly to offer considerable savings.
- This range comes with laser and digital guarantees unique in the business envelope stationery market.
- Window film has been specially developed to withstand the heat of laser and digital printers.

Matt Coated Mailing Envelopes

This ranges adds another dimensions to machine insertable envelopes. This product has been specifically designed for full colour overprint with large print coverage as it is manufactured from premium matt-coated paper that has a silky texture. Gives scope for creating maximum printed impact to direct mail, enabling viability of shorter print quantities.

Uses

- Vibrant direct mail
- Catalogues / Brochures
- Financial marketed direct mail
- Holiday promotions

Key Points

- Careful consideration has been given to paper quality, flap style and throat to ensure maximum productivity when machine inserting.
- A Variety of window sizes and positions cater to a spread of laser address applications for example the advent of CBC window ensures the compatibility of address with bar codes.
- Paper from sustainable forest sources from ECF pulp, shortly to be available with additional environmental credentials. The recent addition of FSC accreditation in the popular C5 window completes the larger picture.
- Meticulous attention to packaging of mailing wallet using extra-corrugated boxes with card divider inserts.

Premium Optima Envelopes

A range of 225gsm card envelopes in a pristine bright white shade with the recent addition of 165sq for maximum protection of CD's. Special consideration has been given to pricing in proportion in the selection of sizes. The weight and whiteness together produce the ultimate in envelope quality. Remember, presentation is everything.

Uses

- Premium Quality
- Certificates / Awards
- Leaflets
- Electronic Media
- Catalogues

Key Points

- 80 micron heavyweight card gives protection to the posted with no compromise on the visual appearance of the envelope
- Holt melt and peel & seal adhesive ensures tamper proof security
- Its rigid flat construction ensures it is overprintable on all envelope presses
- From sustainable forest sources

Gusset Envelopes

Versatile range of many sizes of gusset envelopes for all bulky postal applications. Every area is covered from window gusset to tear resistant EnDURO. With the recent inclusion of a C4 recycled FSC 'certified' product, we have the environmental element covered.

Uses

- Catalogues and Pricelists
- Bulky Postable Items
- Reports and Accounts
- Prospectuses
- Internet Fulfillment

Key Points

- With the added focus on the environment we now have a 50% FSC/50% recycled C4 gusset in plain and window from well-managed forest sources.
- Gussets are made with a V-bottom ensuring suitability for all envelope overprint machines.
- Attention to detail ensures suitability for PIP (Pricing in Proportion). The gusset is made so C4 fit within the large letter format, B4 are made to maximum size of 353x250mm including the gusset so as to also fit into large letter category
- 'Hot melt' peel and seal adhesive ensures extended 5yr shelf life and tamper proof security.

EnDuro Tear Resistant Envelopes

This highly tear resistant product is constructed from a Tri-laminate sandwich of paper, polythene and paper giving its necessary strength. The face paper has the advantage of being fully over-printable rather than other market products. With the advent of EnDURO ICE TRANSPARENT, it broadens the horizons of tear resistant enveloped as never before.

Uses

- Catalogues & Pricelists
- Books
- Report & Accounts
- Electronic Media
- Prospectuses

Key Points

- Paper faced Tri-laminate product ensures it is fully overprintable on all presses, overcoming the normal difficulties associates with printing untearable products.
- A range of 12 products, 5 sizes covering 10 plain and 2 window pockets and gussets to cover the scope of most postable items.
- Competitively priced alternative to market leading rear resistant brands, and fully accredited by royal mail.
- Attractive blue opaque enhancing the whiteness of the product and advertising its tear resistant credentials in the envelope throat.
- Hot melt peel & seal sealing ensures maximum extended shelf life.

Board Back Envelopes

Heavy duty board back envelopes in white and manilla, made using 1000 micron backing board and a heavyweight face paper to ensure protection when posting bendable items.

Uses

- Legal Contractual Documentation
- Certificates & Awards
- Magazines
- Books
- Artwork

Key Points

- Hot melt adhesive ensures extended 5 year shelf life as well as tamperproof security fastening.
- Backing boards both for white and manilla envelopes are 1000 micron (1mm thick) giving excellent rigidity without losing the overprintable properties. White board backs use a white backing board therefore reflecting its quality and not detracting from the whiteness of the face paper.
- Manilla board backs are printed 'PLEASE DO NOT BEND' in red whilst white board backs remain unprinted so as not to obstruct any print that may be put on the face.
- Face paper sourced from sustainable forest sources and backing board containing 100% recycled content.

All Board Envelopes

Sizes from C5 to C2 means the most unyielding postable item can be sent with ease; now the unpostable can be postable. This attractive white lined board ensures that appearance and strength go hand in hand.

Uses

- Calendars
- High value items needing protection
- Posters
- Pictures & Art
- Books

Key Points

- Made from a rigid white lined board to provide an impact resistant product, special attention is given to the larger C2 (444 x 625) size by increasing the thickness to 600 micron, therefore compensating for the increase in size.
- 'Hot melt' double-sided adhesive sealing gives it the necessary security when posted.
- With the correct envelope feeder this All Board envelope can even be overprinted.
- No less than 70% recycled content.

White Mailing Envelopes

A vast range of sizes and window variations all with trapezium flaps with outside side seams suitable for all machine inserting. Matching blue hatch opaque ensures consistency across the range.

Key Points

- A variety of window sizes and positions cater to a spread of address positionings.
- Right hand window and low window positions cater for suitability for the postal services in foreign countries.
- Products have been included for maximum direct mail impact, for example reverse windows giving scope for full print coverage on the face.
- Careful consideration has been given to the paper quality as all white grades are made from low porosity paper.
- The flap style throat and outside side seams cover the needs of all machine specifications guaranteeing maximum productivity.
- Attractive blue opaque pattern gives consistency across the complete range.
- Meticulous attention to packaging of mailing wallets using extra strength corrugated boxes with card divider inserts inside ensure the envelopes remain flat and straight for speedy insertion.

Manilla Mailing Envelopes

One of the largest ranges of gummed mailing envelopes available. Excellent environmental credentials with a minimum of 80% recycled content. This is a range that really travels the distance.

Uses

- Billings
- Statements
- Reader opinion polls, and censuses
- Government and NHS correspondence
- Charity correspondence

Key Points

- Excellent environmental credentials, all products carry a minimum of 80% recycled content.
- Careful consideration has been given to paper quality, flap style and throat to ensure maximum productivity when machine inserting.
- Suitable for all mailing machines as the range is manufactured with outside side seams.
- Meticulous attention to packaging of mailing wallets using extra strength corrugated boxes with card divider inserts inside ensure the envelopes remain flat and straight for speedy insertion.
- A variety of window sizes and positions cater to a spread of laser address applications.

Metallic Foil Envelopes

Robust but exciting - surely these two words don't go in the same sentence. However with our metallic foil envelopes these two words become perfect partners. Elegant, nearly indestructible polypropylene metallic envelopes open up a whole new dimension in direct mail, providing an unforgettable mailing solution. Manufactured in the four most sought-after colours - silver, red, blue and black.

Key Points

- Range of 12 different items in 165x165mm, C5 and C4.
- Each size available in four eye catching colours - silver, black, red or blue.
- Reflective appearance for ultimate visual impact.
- Strong peel and seal flap for secure sealing.
- Constructed from 70 micron tough tear resistant polypropylene foil.
- Weather proof, water proof, burst proof.

Useages

- Catalogues and magazines
- Upmarket invitations
- Expensive printed literature
- Direct mail
- Gifts and presents
- Electronic media
- Internet fulfilment

Commercial White Envelopes

No stone left unturned, we cater for every size in gummed, self seal pockets and wallets. An all encompassing range of sizes. Please note the commercial white range of sizes are complimented with additional products in the commercial white peel & seal qualities.

Uses

- Price Lists and Leaflets
- Commercial Correspondence
- Magazines
- Letters
- Invoices and Statements
- Business reply envelopes

Key Points

- A vast span of sizes covering from 3½ x 6 to 15 x 10.
- More than enough choice in quality and paper weight from 80g to 120g quality white cartridge.
- Available in gummed and self seal and with the advent of security slits on selected items security sealing is catered for.
- All white envelopes have the environmental assurance of being from sustainable forest sources - some with the added credentials of being from ECF (Elemental Chlorine Free) and TCF (Totally Chlorine Free).
- Attractive blue opaque pattern gives consistency across the complete range.

Commercial White Envelopes

“I had no idea that overprinting my envelopes would be such a talking point with my customers!”

“I could not believe how cheap it is to print by envelopes but I should not be telling you that”

“Need them by midday tomorrow?
No problem!”

Self Seal White

Commercial White Envelopes

Key Points

- A vast span of sizes covering from 3½ x 6 to 15 x 10.
- More than enough choice in quality and paper weight from 80g to 120g quality white cartridge.
- Available in gummed and self seal and with the advent of security slits on selected items security sealing is catered for.
- All white envelopes have the environmental assurance of being from sustainable forest sources - some with the added credentials of being from ECF (Elemental Chlorine Free) and TCF (Totally Chlorine Free).
- Attractive blue opaque pattern gives consistency across the complete range.

Envelope Information

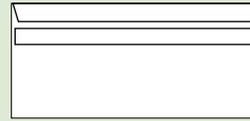

BANKER

WALLET

**MAILING OR
MACHINABLE
WALLET**

**SELF SEAL
WALLET**

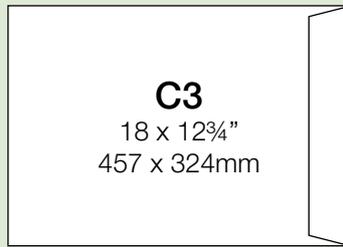

POCKET

The recognised standard for specifying envelope size is that the second dimension denotes the opening and flap length.

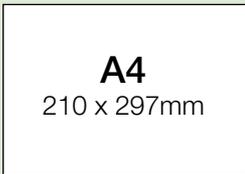

e.g. **DL WALLET** is 110 x 220mm - flap on 220mm edge
DL POCKET is 220 x 110mm - flap on 110mm edge

All envelopes are suitable for hand inserting. Machinable wallets are suitable for most machines and are suitable with flaps down.
 Minor variation in flap shape will occur occasionally.
